New Delhi, the 29th January 1949

No. I(I)-I(779).—In exercise of the powers conferred by sub-clause (b) of clause 2 of the Iron and Steel (Scrap Control) Order, 1943, the Central Government is pleased to direct that the following amendment shall be made in the notification of the Government of India in the Ministry of Industry and Supply, No. I(1) 1(799), dated the 8th November 1948, namely:—

In item 8 of the Schedule annexed to the said notification, for the words "Deputy Director of Consumer Goods, Government of Assam, Shillong", the words "Director of Consumer Goods, Assam, Shillong" shall be substituted.

New Delhi, the 5th February 1949

No. I(I)-I(196).—With the approval of the Central Government, the Iron and Steel Controller has fixed the following Schedule of maximum prices for iron and steel scrap under sub-clause (1) of clause 8 of the Iron and Steel (Scrap Control) Order, 1943, in supersession of the Government of India Notification No. SEC.P/11, dated the 22nd July 1946, published in the *Gazette of India* on the 27th July 1946 as amended by Notification No. SEC.-P/13, dated 25th January 1947, published in the *Gazette of India* on 1st February 1947.

GENERAL CONDITIONS

1. This Schedule may be called the Iron and Steel Scrap Price Schedule No. 1 of 1949.

2. In respect of all sales the prices and other provisions of this Schedule relevant thereto shall come into force with immediate effect and notwithstanding the rates at which the order has been booked shall apply to all deliveries effected on or after the date of this Notification.

3. These prices are for cash sales. The question of credit facilities is a matter for negotiation between the buyer and the seller.

4. Octroi, Sales or other taxes incurred in the process of delivery from the seller to the buyer will be borne by the latter.

5. The prices in this Schedule are maximum prices and materials may be sold at lower rates by mutual agreement between the buyer and the seller.

6. Where no appropriate price has been notified for any item of scrap, the Controller may classify such item or items and, in accordance with clause 8(2) of the Order, fix such price as he considers appropriate.

7. Part I of this new Scrap Price Schedule gives ceiling prices in Column I for sales by controlled sources other than Controlled Scrap Merchants, in Column II for sales *ex*-Controlled Scrap Merchants' Yards, and in Column III for sales by all other persons.

Special Directions to Part I

(a) The stations included under f.o.r. Calcutta, Bombay and Madras are shown in the Freight (Place Extras) List No. I of 1948.

The basis prices are subject to extras for place and extras for section size, thickness or gauge. Except where "used" or "Second-hand" or "Scrap" has been specifically mentioned, the maximum prices fixed apply to fresh materials in the condition usually supplied by Producers.

(b) To arrive at the prices for places other than Calcutta, Bombay and Madras, the place extras for iron and steel fixed by the Iron and Steel Controller from time to time under Clause II B of the Iron and Steel (Control of Production and Distribution) Order, 1941, should be added to the base price. For places for which no extra has been so fixed, railway freight per ton at public Tariff rates for full wagonloads from the nearest of the above three Ports to the place in question should be added. In any dispute regarding the place extras, the decision of the Controller shall be final. (These freights are given in the Freight (Place Extra) List No. I of 1948.

(c) *Extras for section, size, thickness or gauge.*—Where a lot consists of one section of structural, one size of bar or rod, one thickness of plate or one gauge of sheet or wire and no special provision has been made in the Schedule for such a lot, the basis price is subject to the standard extra for that section, size, thickness or gauge, notified by the Iron and Steel Controller from time to time under Clause II B of the Iron and Steel (Control of Production and Distribution) Order, 1941.

Where a lot consists of a mixture of sections, sizes, thicknesses or gauge, the price will be calculated on the lowest priced section, size, thickness or gauge.

Sales by Producers.—(i) Where by rail in full wagonloads by pro-
all be f.o.r. destination, i.e., the base
Column I plus the appropriate place extra
for the destination.

(ii) Where wagons are not fully loaded, the customer shall pay the f.o.r. destination rate plus the difference between the actual freight per ton and the amount of freight per ton which would have been incurred if the wagons had been fully loaded.

(iii) If where a producer sells a lot f.o.r. destination, the materials are sent at the customer's request by a route or means of transport other than the cheapest, the extra freight charges shall be borne by the customer.

(e) **Other Sales.**—Except when a sale is made f.o.r. destination by a producer, the basis price shown in Columns I, II or III shall apply f.o.r. seller's siding or nearest despatching station for rail delivery in 'smalls' or ex-site for road delivery. For these sales, the basis price shown in Columns I, II or III according to the classification of the seller, is subject to the appropriate extra for the place from which the steel is sold.

(f) **Packing and Bundling Charges.**—Where light sections, bars or rods are bundled, a bundling charge not exceeding Rs. 5 per ton may be recovered from the buyer. Bundling and packing charges are included in the prices for wire, wire nails, tin, terne and P.C.R.C.A. Strips.

(g) **Delivery Charges.**—Ex-Controlled Scrap Merchants' Yards are not admissible if delivery is made ex-yard or f.o.r. siding or nearest station or into Workshop adjoining the Stockyard.
